Overview

This bulletin provides a summary of the FTHB program and its eligibility requirements at the time of transfer of title and during the one-year period following the transfer. The companion guide, *Instructions for Completion of the*

The revision bar (|) identifies changes to the previous version of this bulletin dated February 2007.

First Time Home Buyers' Property Transfer Tax Return or Application for Refund (**FIN 269 Guide**), provides all the information a purchaser will need to:

- determine their eligibility for the exemption, and
- understand the post-transfer requirements to meet in order to remain eligible for the exemption.

It is important that the purchaser read and understand all requirements of the FTHB program, including changes announced in Budget 2008 that became effective February 20, 2008. All conditions must be satisfied to become, and to remain, eligible for the exemption.

This bulletin explains some of the administrative steps to, and provides examples for, completing the *First Time Home Buyer's Property Transfer Tax Return* form (**FIN 269**).

Who Qualifies for the Exemption?

To qualify for the FTHB exemption, the transferee (purchaser) must be **all** of the following:

- a Canadian citizen or a permanent resident as determined by Immigration Canada,
- a person who has resided in British Columbia for 12 consecutive months **immediately prior** to the date of registration of the transfer, or who has filed two income tax returns as a British Columbia resident within the last six years,
- a person who has never, **at any time**, held a registered interest in a principal residence **anywhere in the world** (a principal residence is defined as the usual place where an individual resides), and
- a person who has not previously received an FTHB exemption or refund.

What Property Qualifies for the Exemption?

The FTHB program provides a **full** exemption from property transfer tax only on properties where:

- the improvements on the property become the principal residence (whether or not they are formally classified as residential),
- the land is 0.5 hectares (1.24 acres) or smaller, and

- the value of the land plus improvements falls below the set threshold amount of \$425,000.

The current threshold amount applies to purchases registered on, or after, February 20, 2008.

Partial Exemption

Partial exemptions from property transfer tax are available in certain circumstances.

Where part of the improvements on the land are used for purposes other than the purchaser's primary residence, such as where part of the improvement is used for commercial purposes or where there is a separate dwelling or residential improvement on the land, only the portion that is the purchaser's primary residence is eligible for the exemption.

Where the land is larger than 0.5 hectares, only the residential improvement and 0.5 hectares of the land are eligible for the exemption.

For example, a one hectare vacant parcel of land is purchased. Only 0.5 hectares is eligible for the exemption. The fair market value of entire parcel is \$100,000. The partial exemption is calculated as follows:

$$\frac{\text{Fair Market Value}}{\text{Total Area of Parcel (in hectares)}} \times 0.5 \text{ (hectares)}$$
$$\frac{100,000}{1} \times 0.5 \text{ (hectares)} = \$50,000$$

In that example, \$50,000 of the value of the property would be eligible for the exemption.

Where a property has a fair market value of up to \$25,000 more than the threshold amount, the property is eligible for a partial exemption.

For example, for a property with a fair market value of \$445,000, the partial exemption is calculated as follows:

| | |
|---|------------|
| Fair market value of property | \$445,000 |
| Tax at 1% of the first \$200,000 and 2% on the remainder | \$ 6,900 |
| Partial exemption calculation: | |
| $6,900 \times \frac{(425,000 + 25,000 - 445,000)}{25,000}$ | - \$ 1,380 |
| Tax Payable | = \$ 5,520 |

Financing Requirements

If a property purchase is registered on, or after, February 20, 2008, the purchaser is no longer required to meet any financing requirements to qualify for the FTHB program.

If a property purchase is registered before February 20, 2008, the purchaser must meet the financing requirements that were in place when he or she purchased the property. However, effective February 20, 2008, **all** purchasers (including persons who purchased their property before February 20, 2008) are free to pay down any amount owing on their mortgage. For details, please see the section below, Requirements that Must be Met During the First Year the Property is Owned.

When May the Exemption or Refund be Claimed?

The purchaser may claim the exemption by submitting a *First Time Home Buyers' Property Transfer Tax Return* form ([FIN 269](#)) and other required documents (as outlined in the FTHB instruction guide) when he or she registers the property at the Land Title office.

If the purchaser does not apply for the exemption when the transfer is registered at the Land Title office, and the other conditions for the FTHB program are met, the purchaser may apply for a refund.

A refund is also available where a purchaser is not a permanent resident of Canada at the time of registration, but obtains permanent resident status within 12 months of the date the transfer was filed at the Land Title office.

An application for refund of the tax paid must be made within 18 months of the date the transfer was filed at the Land Title office.

Requirements that Must be Met During the First Year the Property is Owned

Occupancy Requirement

The purchaser must occupy the residence as his or her principal residence within 92 days of the transfer being registered at the Land Title office. To be eligible for the full exemption, the purchaser must then continue to use the residence as his or her principal residence for at least one year after the date the transfer was registered.

At the end of the first year the ministry will send a letter to the purchaser asking for information to confirm that the property is still his or her principal residence.

A purchaser who ceases to maintain the residence as his or her principal residence prior to the first anniversary of the registration date may be eligible for a pro-rated exemption based on the date the purchaser moved off the property.

Exceptions

If the purchaser dies prior to the first anniversary of the registration date, the occupancy requirement is no longer imposed and the exemption continues to apply. The exemption also continues to apply if the property is transferred in accordance with a court order or separation agreement under the *Family Relations Act*.

Construction Requirement

If the property purchased is vacant land, and the purchaser wants to claim the first time home buyers' exemption, a principal residence must be built on that land within one year after the transfer is registered, and the purchaser must then reside on the property for the remainder of that year to receive the full exemption.

To be eligible for the full exemption, the fair market value of the land plus the cost to build the home cannot exceed the threshold amount of **\$425,000**.

A partial exemption is available where the total value of the land plus the cost of the improvement exceeds the maximum allowable fair market value by up to \$25,000.

Mortgage Paydown Requirements

The mortgage paydown requirements described in this section are **not applicable to property purchases registered on, or after, February 20, 2008**. Also, the mortgage paydown requirements described in this section are not applicable to property purchases registered before February 20, 2008, *and paid down on, or after, February 20, 2008*.

For property purchases registered prior to February 20, 2008, *and paid down before February 20, 2008*, the requirements with respect to how much the financing may be reduced during the first year the purchaser owns the property are outlined in the following sections.

These restrictions apply to all types of financing, including re-advanceable mortgages and lines of credit.

All payments made against the principal amount of the mortgage (both regular and lump-sum payments) are used to determine how much the mortgage has been reduced.

Sometimes the type of financing used, such as a re-advanceable mortgage or a line of credit, enables the purchaser to borrow money in addition to the money borrowed to finance the home.

When calculating how much the mortgage has been reduced, only the amounts borrowed to finance the home are considered.

At the end of the first year after the exemption is claimed, the ministry sends the home owner a letter as part of a routine follow-up procedure. The home owner **must** return the completed letter to the Property Transfer Tax office in order to maintain their eligibility for the exemption.

If the property purchase was registered before February 20, 2008, the home owner may also be asked to provide a complete history of their mortgage account up to February 20, 2008.

Exception

If a mortgage is reduced before February 20, 2008 beyond the allowable paydown limit as a result of the proceeds from a life or critical illness insurance policy, the mortgage paydown restriction is not imposed and the exemption continues to apply. However, the insurer **must** pay the proceeds directly to the lender as a term and condition of the policy.

A pro-rated exemption is available where a purchaser reduces the eligible indebtedness below the allowable limit before February 20, 2008. The pro-rated exemption is based on the date the mortgage was paid down below the required level of financing.

Where a pro-rated exemption is available, the pro-ration is applied to the obligation that is broken first (either the one-year occupancy requirement or the one-year mortgage paydown restriction).

Mortgage Paydown Limits

A mortgage cannot be reduced before February 20, 2008 by more than the greater of:

- **\$13,000, and**
the amount that would reduce the mortgage to 70% of the fair market value of the property (calculated on the date the application is made to register the transfer at the Land Title office).

EXAMPLE

| | Mortgage of 70% | Mortgage of 80% |
|---|------------------------|------------------------|
| Value of property | \$375,000 | \$375,000 |
| Amount of mortgage | \$262,500 | \$300,000 |
| Maximum amount by which the mortgage may be reduced | \$13,000 | \$37,500 |

Please note: The maximum limits include the total of all regular and lump-sum principal payments.

Penalty for False Declaration

Every application for the exemption or refund is reviewed to verify eligibility.

If a purchaser applying for an exemption or refund makes a false declaration with respect to whether he or she has either previously been on title to a residence in which they resided, or previously obtained a first time home buyers' exemption or refund, the Administrator denies the exemption and the purchaser is assessed a penalty in addition to the tax payable.

The penalty is equal to the amount of the exemption or refund claimed by the purchaser.

Administrative Steps to Claim the Exemption

Ensure all the required steps are taken when a purchaser claims the first time home buyers' exemption to avoid confusion and processing delays.

The following information highlights areas where purchasers claiming the exemption commonly make errors.

First Time Home Buyers' Property Transfer Tax Return

Any purchaser claiming this exemption must complete the tax return specifically designed for the exemption. If a computer generated tax return form is used, **it must be stapled to the back of the original blue return form.**

The *First Time Home Buyers' Property Transfer Tax Return* requires the purchaser to provide information verifying that he or she meets all the requirements for the exemption. Anyone seeking assistance when completing the FTHB tax return may contact the Property Transfer Tax office at 250 387-0604.

The purchaser must certify, by signing the return, that he or she meets all the requirements for the exemption. **Read this section carefully before signing.**

Specific Sections of the Tax Return Form

Many of the sections in the FTHB tax return are the same as those in the general and special tax returns that are also in use. However, several sections are unique to the FTHB tax return and attention should be paid to ensure they are completed correctly. The following information helps a purchaser complete sections A, B, E, F and H of the return.

Section A

Section A requires information about the person purchasing the property (the transferee). This section requires that **every purchaser acquiring an interest in the property** be identified. List the purchaser(s) who qualify for the exemption before those who do not qualify for the exemption.

The form also requires that each purchaser acquiring an interest in the property state the percentage of his or her ownership. If more space is needed to complete this section, an additional sheet may be attached.

The mailing address for the property that is being purchased must be completed in each case. If the Administrator has to contact the purchaser to confirm or obtain more information, this address is used.

Section B

Section B requires each purchaser claiming the exemption to provide information about where he or she lived for the two years immediately before the purchase. Purchasers claiming the exemption who did not reside in British Columbia for at least one year immediately prior to the purchase should complete line 3 in section G. If more space is needed, an additional sheet may be attached.

Section E

Section E requires the purchaser to provide information on the financing terms of the purchase.

Sections F and H

Section F calculates the amount of property transfer tax payable if the exemption is claimed. Section H determines the partial principal residence calculation, where it is required for section F.

Example 1 – Residential Improvements on Less than 0.5 Hectares

This example shows how to complete section F when the property purchased is less than 0.5 hectares and all improvements are residential.

Facts:

- 3 purchasers, each purchasing a 1/3 interest in the property; 2 are eligible for the exemption, therefore 66.67% of the tax is exempt
- the fair market value is \$250,000

F. Property Transfer Tax Calculation:

| | | |
|--|-----------|-----|
| 1. Fair market value of property | \$250,000 | F1 |
| 1a. Fair market value of the interest being acquired in this transaction | \$250,000 | F1a |
| 2. Tax at 1% of the first \$200,000 reported on line F1 and 2% on the remainder | \$ 3,000 | F2 |

3. If the size of the entire property is equal to or **less than 0.5 hectares**, and all improvements are residential, the percentage interest in the property being acquired by eligible first time home buyers claiming the exemption

$$\underline{\hspace{2cm}}\% \times F2 \quad 66.67\% \times \$3,000 \quad = \quad \$ \quad 2,000 \quad F3$$

4. If the size of the entire property **is larger than 0.5 hectares**, or if some of the improvements are not residential, complete section H below

$$\frac{\text{principal residence value (H10)}}{\text{fair market value (F1a)}} \times F2 \quad = \quad \$ \underline{\hspace{2cm}} \quad F4$$

5. If the fair market value of the entire property is greater than the applicable qualifying value (QV) (see condition 6 in the First Time Home Buyers' Instruction Guide) but less than the QV + \$25,000

$$(F3 \text{ or } F4) \times \frac{(QV + \$25,000 - F1)}{\$25,000} \quad = \quad \$ \underline{\hspace{2cm}} \quad F5$$

6. Property Transfer Tax Payable \$ 1,000 F6
(F2 minus F5 (if completed) or F3 OR F4)

Example 2 – Residential Improvements on More than 0.5 Hectares

This example shows how to complete sections F and H when the property is **larger than 0.5 hectares and all improvements are residential**. Complete section H whenever the property is larger than 0.5 hectares.

Facts:

- 3 purchasers, each purchasing a 1/3 interest in the property; 2 are eligible for the exemption, therefore 66.67% of the tax is exempt
- the property is 1.4 hectares, the land value is \$150,000, the improvement value is \$100,000, and the fair market value is \$250,000

F. Property Transfer Tax Calculation:

| | | |

| _____ % x F2 | = | \$ _____ F3 |
| 4. If the size of the entire property is larger than 0.5 hectares , or if some of the improvements are not residential, <u>complete section H</u> below | | |
| <u>Principal Residence Value (H10)</u> x F2 Fair Market Value (F1a) | | |
| \$102,386.07 x \$3,000 \$250,000 | = | \$ 1,228.63 F4 |
| 5. If the fair market value of the entire property is greater than the applicable qualifying value (QV) (see condition 6 in the First Time Home Buyer's Instruction Guide) but less than the QV + \$25,000 | | |

| 6. Property Transfer Tax Payable (F2 minus F5 (if completed) or F3 OR F4) | \$ 1,771.37 | F6 |

H. Proportional Principal Residence Calculation:

Where the property is larger than 0.5 hectares (1.24 acres), or the improvements are not entirely residential, please complete this section.
